ELIS SEIS Congressional Staff Briefing 7-24-15 final (3).pptx

Lynne,

Here is a modified version (I modified it). I decided to put the names of the disposal sites on the figure.

This way, we can say that they are “existing” and currently used disposal sites.

Let me know your thoughts.

Jean,

I have a question on slides 19 and 20. Can you buzz me?

Thanks.

This version worked off Jeannie's original and incorporates Lynne's comments. Unless there are major problems, and I don't think there are, please use this one, Dave, to print hard copies as our back up plan for Thursday morning. I hope someone there can put together Curt's briefing package with the LISS brief, dredging brief, agenda, and powerpoint? Thanks.
